Awaiting photo.

After playing a lot of tennis and hockey and having some knee injuries, I decided to give golf a go - and haven't regretted it at all! I have been a member of Henbury Golf Club for 4 years and have really enjoyed playing this frustrating but highly rewarding sport! I am a member of the Alliance and play in the B Team.

Everyone has been so friendly and great fun to play with, and I hope to be playing golf for many years to come.
